

The Leading PayTech

Redefining Payments in Italy

September 2019

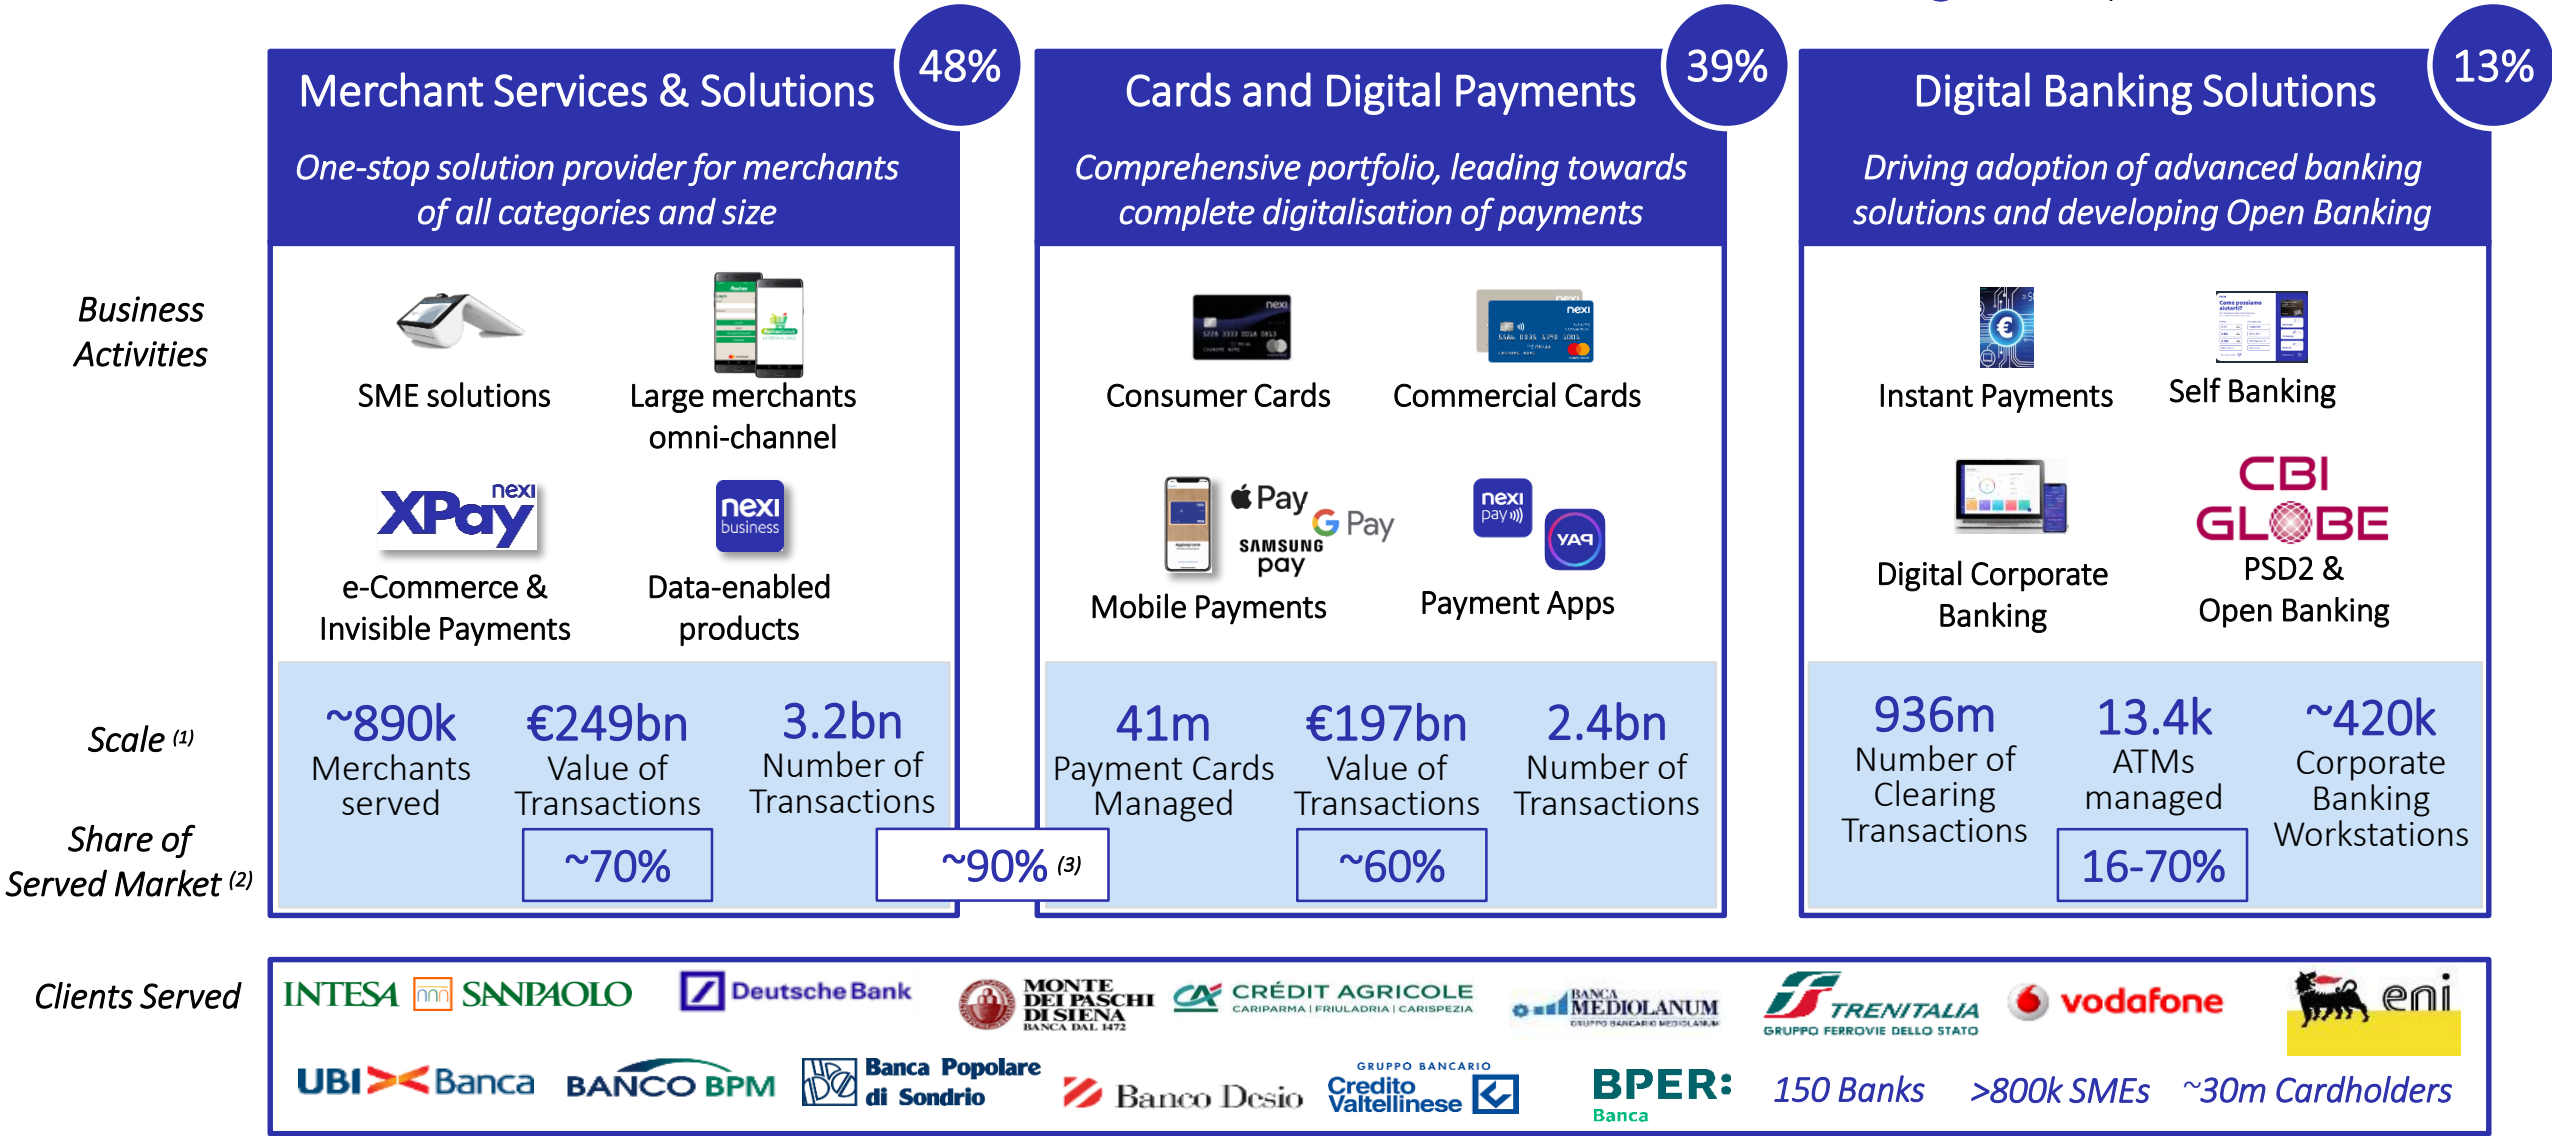

Italy: Large and underpenetrated market with unique structural characteristics

Note: Selected countries include Western European countries and exclude Turkey and countries with data based on modelled assumptions made by Euromonitor International. Total Consumer Spending is defined as the sum of Card Payment Transactions (Excl Commercial), Cash Transactions, Other Paper Payment Transactions and Electronic Direct/ACH Transactions. This tracks retail purchases, purchases of services, utility payments, rent payments, etc. Excluded transactions include peer-to-peer payments, taxes, fines, loan interest charges, and investments (including real estate). Card Payment Penetration is defined as Card Payment Transactions (Excl Commercial) divided by Total Consumer Spending. Consumer Card Payments is defined as Card Payment Transactions (Excl Commercial).
