
Press Release

Cardinity selects Nets to boost international growth

Cardinity, a fast-growing Lithuanian online payment service provider, has chosen Nets to provide international acquirer processing, and fraud and dispute services. As a payment gateway and licensed acquirer, Cardinity delivers payment services to merchants across Europe and the partnership with Nets will expand its international footprint.

Egidijus Andreika, CEO of Cardinity, said, “Nets is a leading European payment service provider with a broad suite of services and a scalable set-up. As such, they are the ideal partner to help us provide our growing European customer base with a stable and secure payment solution that enhances their digital experience.”

Henrik Anker Jørgensen, CEO of Nets Estonia AS & Head of Baltic region, added: “We support a range of issuers, acquires and Fintechs across the Baltic region, most of them with European or even global growth ambitions. Our modular and flexible processing platform enables us to tailor our offer to meet the needs of individual customers like Cardinity, while also helping them benefit from our scale and international reach.”

About Cardinity

Cardinity was formed in 2007 and is a licensed as payment institution regulated by the Central Bank of Lithuania. They deliver a safe and cost-effective online payment solution for e-commerce businesses which sell various products or provide services. They offer their services as payment gateway and acquirer in over 31 markets. With over 10 years of experience in providing reliable online payment services, Cardinity aspires to continue to grow and improve as a perfect solution for your online businesses. The company is headquartered in Vilnius, Lithuania.
